

COMPLYING WITH THE GENERAL DATA PROTECTION REGULATIONS

½ DAY SEMINAR FOR LABOUR PROVIDERS AND LABOUR USERS

Complying with the General Data Protection Regulations (GDPR) will come into force on 25 May 2018. It may seem a long way away, but businesses should start preparing now. The new legislation makes some significant changes to the way in which companies can process personal data and introduces large fines for businesses which are non-compliant. In particular, businesses operating in the recruitment/labour sector process large amounts of personal data on a daily basis and it is therefore important to get up to speed with the GDPR.

IN THIS SEMINAR WE WILL CONSIDER:

- The key changes which will be brought in by the GDPR
- The effect of the GDPR on labour providers in particular
- How you can prepare – what steps you should be taking now, including changes you may need to make to your documentation
- How you can demonstrate compliance
